

Sirs,

Sinclair Broadcasting is subverting the election process by passing yellow journalism off as news broadcasting. If a newspaper gave pages and pages of its daily issue free to a candidate, it would be clear that it was a gift of propaganda to a candidate. It is no different in this case. Tell Sinclair to give equal time or to pull its prime time electioneering.

Better yet just pull their licences. This is modern America, not turn of the century Herst corporate mogalizm. Or is it?
